Report of Forest Fire Warden

Once again we are about to enter another forest fire season and once again, your Town Forest Fire Warden is asking you to be careful of fires in our woodlands and along our roadsides. There is nothing more displeasing to the eye than an area of blackened waste. Nine out of ten of these blackened areas are caused by You and You. It is only with your cooperation that we can prevent such an area in our town. A great part of the men and women of this area depend on timber for their weekly pay check, and by you and you being careless, these people are being deprived of a living. We can't even try to prevent fires caused by lightning, but the number of fires caused by this agent is very small. It is you as a smoker, as a debris burner—you as a careless person, who can do a great deal in preventing this most shameful waste of our natural resources.

You can help by making sure your smoking material is out—DEAD OUT, your incinerator is air tight, the area around it is cleaned of all burnable material, that you have had it inspected by your Forest Fire Warden, that you have asked for and received a permit to burn from your Warden. By doing these things, the number of fires is going to be fewer and you will have woodlands to hunt in, to have picnics in, to be able to fish the stream. You will also be proud of your green mountainsides. By not doing this, you will not enjoy yourself at all. Most of us can still remember the fall of 1947, and we all know that most of those fires during that period could have been prevented if everyone was careful. So, it is only YOU and YOU who can prevent this most shameful waste of our woodland by this common enemy—FIRE.

Please remember it is a proud record for you to say that your town had no woods fires this past year and it is only through you and you that this goal can be reached. So—please help us to prevent forest fires.

Report of School District Meeting

MINUTES OF 1952 DISTRICT MEETING

March 11, 1952

The meeting was called to order by Moderator Clyde Foss, at that time and place named in the Warrant.

The Moderator appointed Ethel Smith to act as Clerk pro tem, who, with the Moderator, was sworn into office.

After the reading of the Warrant, the following officers were elected for the ensuing terms:

1. To choose a Moderator for the coming year.
Clyde Foss was elected Moderator for the coming year.
2. To choose a Clerk for the ensuing year.

Horace Richardson was chosen Clerk for the ensuing year.

3. To choose a Member of the School Board for the ensuing three years.

There being two contestants for the office, a written ballot was used with the following result: Donald Wright—83 votes
.. Charlotte Ames—107 votes

Charlotte Ames was therefore elected as Member of School Board for the ensuing three years.

4. To choose a Treasurer for the ensuing year.
Ralph Goodwin was elected treasurer for the ensuing year.

5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agents of the District.

Voted that the salaries of the School Board members and Truant Officer remain the same as the previous year.

6. To hear the reports of Agents, Auditors, Committees, or officers heretofore chosen, and pass any vote relating thereto.

No reports were presented other than those presented in Town Report, which were accepted.

7. To choose Agents, Auditors and Committees in relation to any subject embraced in this Warrant.

Roger Larson and Donald Wright were elected auditors for the ensuing year.

8. To see what sum of money the District will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the District, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

After discussion it was voted to cut the amount to be raised for the Maintenance of School Plant and the Contingency Fund from \$1000 each to \$500 each. This was voted on motion by Roger Larson.

Voted to accept school budget as printed in the Town Report with the above changes.

9. To see if the district will vote to raise and appropriate the sum of \$650 to buy one hundred (100) folding metal chairs for the school auditorium. (By request).

On motion of Ernest Berry it was voted to raise and appropriate the sum of \$650 for the purchase of 100 metal chairs.

10. To transact any other business that may legally come before this meeting.

Mr. Bushnell explained, with reference to action on article 14 in last year's warrant, pointing out that there must be a separate voting list, that School Board shall act as ballot clerks, all candidates must file with the clerk, that officers must be elected by plurality instead of majority and that probably the school meeting will be held on a separate day from the Town Meeting.

Voted to insert in next school warrant an article to elect all school officers by a Citizens' Ballot.

Voted to adjourn at 3:15 p. m.

Report of Superintendent and Principal

The stimulus of the clean and pleasant surroundings of our new central school continues to help in developing wholesome attitudes on the part of our young people.

Our hot lunch program, under the competent direction of Mrs. Leila Gillooly, is serving more pupils than ever. The effect of a nourishing warm meal in place of cold sandwiches at noon is more beneficial than most people realize. It not only contributes to better health, but make for better concentration and higher marks in school subjects.

The folding tables, given by the P.T.A., and our new folding chairs give us the daily use of the gymnasium as a dining room, where meals are eaten "family style" with children of each classroom having their own table. We are also pleased with our new electric mixer, which will make it unnecessary to borrow from our neighbors next year.

Our physical education period is one of the most enjoyable parts of the school day from the standpoint of the pupils. This contributes to better health as well as improved muscular coordination. The gymnasium is in use nearly every day during the winter, and outdoor games and contests have their place when weather is suitable. The playground has been improved by the addition of another set of swings which is finding a great deal of use. The music program is correlated with physical education through folk dances and other rhythmic activities.

The topic, "Methods of Reporting Pupil Progress" has received much attention in teachers' meetings and parent-teacher groups throughout this supervisory union during the past year. In November, a three-day workshop of teachers and parents on this subject was held at Ashland. As usual, many questions were raised and few answered at these meetings; but several points seemed to be generally accepted. A few of these are stated below:

(1) School marks (either "A-B-C-D" or percentage) are undesirable because they emphasize unfair competition and create fear of failure.

(2) A pupil's growth in learning involves so many factors that it is impossible to reduce it to any single mark, either letter or number.

(3) A mark of C may be given by one teacher for a certain piece of work, whereas another teacher might give a mark of A for the same. No clear definition of marks has ever been made that can overcome this difference of opinion.

(4) Parents seem to favor having more detailed reports, covering a pupil's growth in character, good work habits, etc., even though the reports do not come so often.

(5) Parents are becoming accustomed to the idea of discussing with the teacher the progress of their children. No longer do they dread the teacher's coming, or meet her at the door with the question, "What is wrong now?" A friendly visit to the school by each parent is coming to be accepted as regular routine.

An individual conference between a teacher and a parent (sometimes the pupil also being present) seems to be the most satisfactory method of reporting, especially for the lower grades. During the week of Dec. 16, 1952, thirty-four conferences were held between parents and the teachers of grades one through four. It was very encouraging to the entire teaching staff to see the enthusiastic way in which parents responded to conference notices.

Our educational program has been greatly helped by the new motion picture projector and screen, purchased by the School District last summer.

Probably the next logical step in the improvement of our school facilities is the smoothing and improvement of a larger playground area. We have plenty of room for a ball field, but it is covered with brush and boulders. We hope the district will find it possible to appropriate sufficient money at the annual meeting to make this improvement.

Respectfully submitted,

ALMON W. BUSHNELL, Supt.

CALVIN ROLFE, Principal
